Dear Mr. Saric, Mr. Mitchell and Ms. Fisher:

RE-TRANSMITTAL OF NITRIC ACID TANK CAR REMOVAL/CLOSURE ACTION FINAL REPORT

In a letter dated November 2, 1993, we inadvertently submitted to you an internal working draft copy of the Final Report for Removal Action Work Plan (RAWP)/Closure Plan Information and Data Package (CPID) for Removal Action Number 25, Nitric Acid Tank Car and Area, and Hazardous Waste Management Unit No. 9 (HWMU NO.9). The final copy of the report is enclosed which provides the status of the RAWP/CPID field activities. Upon the receipt of approval of the CPID, the Department of Energy, Fernald Field Office (DOE-FN) will ensure that the closure actions have met the requirements of the plan and submit the Resource Conservation and Recovery Act (RCRA) closure certification statement to Ohio Environmental Protection Agency (OEPA) for the closure of this hazardous waste.

If you or your staff have any questions, please contact Anand C. Shah at (513) 648-3146.

Sincerely,

Johnny Rensing
